

There is no need to carry TWO phones anymore,
Mobile+ gives you a dedicated business number
on your personal phone.

* Footprint of owning a
second handset

72kg CO₂e
365.5km driving
39.3m³ of CO₂ gas

* Estimated footprint of iPhone production, as provided by Apple

With Mobile+, I have a dedicated business number on my personal mobile and don't need to carry a second phone. My business calls and contacts remain separate from my personal stuff and its really easy to make and receive calls on either.
